## 4-7. OWNER, JOINT OWNER, ANNUITANT and JOINT ANNUITANT

For Qualified and Inherited Non-Qualified policies, Joint Owners are not allowed. For Non-Qualified policies, any two persons (spouses or non-spouse) can be named as Joint Owners.

A non-living entity cannot be an Annuitant or a Joint Annuitant. For Qualified policies, the Annuitant must be the Owner. For Inherited Non-Qualified, Inherited IRA, and Inherited Roth IRA policies, Joint Annuitants are not allowed. For Non-Qualified policies, any person can be the Annuitant unless the non-living entity Owner is a Grantor Trust, then the Annuitant must be the first named Grantor. If a non-living entity is the Owner, then a Joint Annuitant is not allowed.

If the Annuitant and Owner are different, and the Annuitant dies before the Annuity Commencement Date, the Owner will become the new Annuitant of the policy provided that the Owner is an individual. If the Owner is a Grantor Trust and the Grantor is an individual, the policy will be treated as owned by an individual. In such a case, upon the death of the Annuitant, the first named living Grantor will become the new Annuitant.

**Under the IRS's aggregation rule, all non-qualified cash value deferred annuity contracts issued by NYLIAC (or its affiliates) to the same owner in the same calendar year are treated as one contract for purposes of determining the taxable portion of a partial withdrawal or surrender. This means that if a distribution is taken, we are required to take into account the gains (or losses) in all contracts that are subject to aggregation and more of the distribution may be taxable.**

Use the below chart to select the correct Tax Certification form. Tax Certification forms are required to be submitted prior to the contract being issued.

**8. BENEFICIARY DESIGNATION**

Provide name, relationship to Owner, Date of Birth, Social Security or Tax I.D Number, address, telephone number, and percentage to be paid to each Beneficiary listed. Use Section 10 to provide email address(es) for the Beneficiary(ies). Primary and Contingent designations must each total 100%. If the Ownership is under UGMA/UTMA, the Primary Beneficiary must be the estate of the minor. If the Owner is a Trust, it is recommended that the Primary Beneficiary be the trust.

**Unless the box under declining to designate surviving spouse as the sole Primary Beneficiary is checked, your spouse will be the sole Primary Beneficiary.**

If multiple Primary Beneficiaries are named and one or more of those Beneficiaries does not survive the Owner(s), that Beneficiary's interest is terminated and his/her percentage will be divided proportionately among the remaining Primary Beneficiaries. The same holds true for Contingent Beneficiaries. **To avoid this you can designate "Per Stirpes" next to each applicable Beneficiary's name.** Per Stirpes allows for each Beneficiary's heirs to receive his/her percentage of any remaining death benefit.

Please be sure your premium allocation matches your stated investment objective(s). There is no assurance that any of the Investment Divisions will attain their stated objectives.

If you would like all or a portion of your Premium Payment to be allocated to the Dollar Cost Averaging (DCA) Advantage Account and/or the Fixed Account, please indicate the percentage(s) below. The Fixed Account is not available if you select the IPR.

- (1) You can choose one of five Model Portfolios, or (2) You can pick your own allocations.

Automatic Asset Rebalancing (AAR)

Returns from the individual Investment Divisions you choose will vary. Over time, the percentage of your Policy's Variable Accumulation Value may not remain at the initial percentages. Rebalancing through AAR allows you to maintain the percentages of the Variable Accumulation Value, at a pre-set level.

By selecting this option, you authorize us to rebalance your Policy's Variable Accumulation Value either quarterly, semi-annually or annually, based on your Policy Date. If your Policy Date is on the 29th, 30th or the 31st of a month, rebalancing transfers will be set to the 28th of the month. If Section I reflects less than 100% allocation of premium to the DCA Advantage Account, the rebalance will be according to the allocations in Column 1. Values in the Fixed Account and DCA Advantage Account are excluded from AAR. However, allocations to the DCA Advantage Account will be subject to AAR when transferred from the DCA Advantage Account to the Investment Divisions.

**Transfers are not permitted from the DCA Advantage Account to the Fixed Account.**

## 2. INDIVIDUAL ALLOCATION OPTIONS

If you are not selecting a Model Portfolio, please select your individual allocation options.

### Indicate allocation percentages in whole numbers.

**DCA Advantage Account (DCAA) instructions:** 1) If all of the Premium Payment is allocated to the DCAA, indicate 100% for the DCAA allocation in column A and complete the Investment Division allocations in column B only. 2) If only a portion of the Premium Payment is allocated to the DCAA, indicate the applicable DCAA allocation percentage in column A and the percent transferred from the DCAA to each applicable Investment Division in column B. If any of the remaining Premium Payment is allocated directly to the Investment Divisions, complete those allocation percentages in column A. 3) If none of the Premium Payment is allocated to the DCAA, complete the Investment Division allocations only in column A (do not complete column B).

Premium Payment allocations made directly to the Investment Divisions (no DCAA transfer) should be completed in Column A only.

- 1) **COLUMN A:** Indicate the portion of your Premium Payment allocated **directly** to each individual Allocation Option as a percentage of the total Premium Payment. The total sum of the percentages for each allocation you elect in Column A must equal 100%.

**FIXED ACCOUNT:** There may be additional limits on premium allocations into, and transfers into and out of, the Fixed Account. Please see your Policy and product Prospectus for more information.

- 2) **COLUMN B:** If all or a portion of the Premium Payment is allocated to the DCAA, the percentages for each Investment Division allocation you elect in column B should represent a percentage of the amount in the DCAA being transferred to the Investment Division. **Therefore, the total sum of the percentages for each Investment Division allocation you elect in Column B must equal 100%.** Any premium amount below \$2,000 allocated to the DCAA will instead be automatically applied proportionately to the Investment Division(s) you selected. Please remember that any premium amount designated to the DCAA will be allocated to an active DCAA, if one exists, and transferred to the Investment Division(s) over the remainder of the duration of that account. If you do not want to apply the initial Premium Allocation instructions to future premium allocations, you must complete a Change of Allocation form after the DCAA period has ended.

**Transfers are not permitted from the DCAA to the Fixed Account.**

**Section II IF ELECTING THE INVESTMENT PRESERVATION RIDER – FP SERIES (IPR)**

If you elect the Investment Preservation Rider – FP Series (IPR), this section must be used to select a Model Portfolio or individual Investment Divisions.

**IMPORTANT:** If you elect the IPR, the following restrictions will apply:

- The Rider cannot be cancelled except under limited circumstances described in the Rider.
- The Fixed Account is not available during the Rider Holding Period.
- You may only make Premium Payments to the Policy: a) in the first Policy Year, b) after the Rider Holding Period End Date and c) after the Rider terminates for any reason while the Policy remains in effect.

The investment restrictions applicable to IPR seek to moderate overall volatility or hedge against down market volatility and may limit your participation in positive investment performance.

At the end of the Rider Holding Period the investment restrictions applicable to IPR will no longer apply and you will be allowed to select any of the available investment options.

If you would like all or a portion of your Premium Payment to be allocated to the DCA Advantage Account, please indicate the percentage below.

You must choose one of the following Premium Allocation methods.

- (1) You can choose one of four Model Portfolios available based upon Rider Holding Period,
- (2) You can choose your own individual Investment Divisions among the Asset Allocation Categories A, B and C. The minimum and maximum allocations differ by category. If your allocation instructions are not within the stated guideline, the form will not be accepted and your Policy will not be issued until new instructions are received, or
- (3) You can choose one or more individual Investment Divisions from the asset allocation funds\*.

\*This Premium Allocation method is referred to as Category D. The funds within this section are not to be combined with the Asset Allocation Categories A, B and C.

**Automatic Asset Rebalancing (AAR)**

If you have selected the IPR, every Policy Quarter, we will automatically rebalance your Policy's Variable Accumulation Value based on the allocations designated on this form. If your Policy Date is on the 29th, 30th or the 31st of a month, rebalancing transfers will be set to the 28th of the month.

You cannot opt-out of this automatic quarterly rebalancing while the IPR is in effect.

**Guaranteed Interest Account**

Allocation of Premium Payment to DCA Advantage Account (\$2,000 minimum):

DCA Advantage Account (6 months) \_\_\_\_\_ %

**DCA Advantage Account Transfers:**

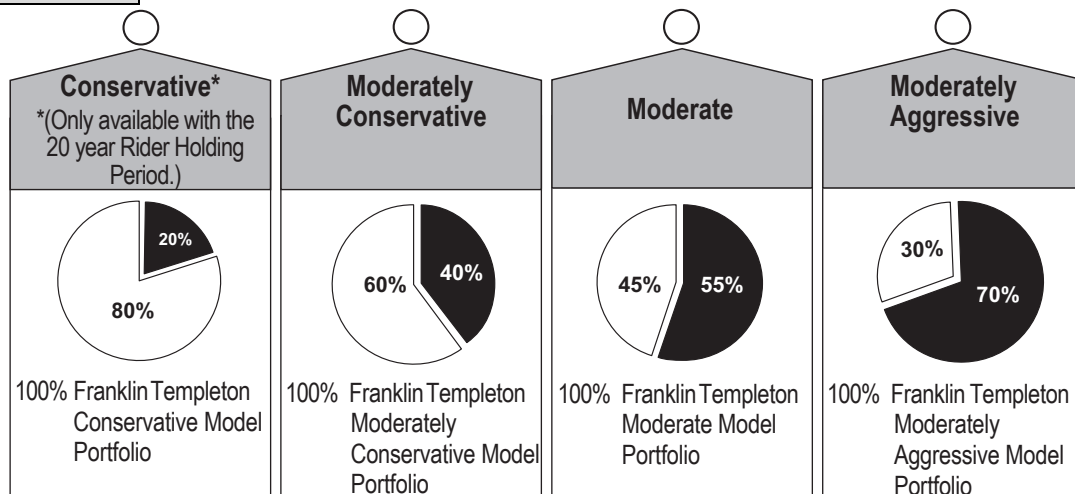

Please note that DCA Advantage Account transfers will be made either to the Model Portfolio you selected in (1), or to the individual Investment Divisions you have selected in (2) or (3). DCA Advantage Account transfers cannot be made to any other Investment Divisions.

Any Premium Payment below \$2,000 allocated to the DCA Advantage Account will be automatically applied to the Model Portfolio you selected in (1), or proportionally to the individual Investment Division(s) you selected in (2) or (3).
