1. ANNUITY PAYMENTS (Please complete all parts of this section.)

Check one: Full Annuitization

Partial Annuitization If partial annuitization, please designate amount \$ _____

You may choose to annuitize your entire policy or only a portion of your policy. If you partially annuitize your policy, you will receive a portion of the policy in the form of a stream of annuity payments, while the remainder of your policy continues to accumulate income on a tax-deferred basis. For nonqualified policies, if you choose to partially annuitize, the resulting payments will be treated as annuity payments and, therefore, eligible for favorable federal income tax treatment, only if the payments are received for one of the following periods: (1) the annuitant's life (or the lives of the joint annuitants, if applicable), or (2) a period of 10 years or more.

Frequency: Monthly Quarterly Semi-Annual Annual

Payment Start Date: _____
 month day year

If your policy is part of an IRA or Qualified plan and you are delaying the start of payments beyond 73, your signature on this form indicates you are otherwise meeting your minimum distribution requirements or you are not required to do so. If annuity payments are being used to meet your minimum distribution requirements, the guaranteed period selected cannot be longer than life expectancy as set forth in the IRS Life Expectancy Tables. For more information contact your tax advisor.

Annuity Payment Option: If you have questions regarding how these options work, contact your Representative, or contact the NYL Annuity Service Center at 1-800-762-6212. If you have questions as to what is the best option for you, contact your tax advisor.

Please Note: By electing EFT, you agree that all payments so made shall discharge New York Life to the extent of the payments. In addition, you understand that because of New York Life's annuity payment processing requirements and, if applicable the Financial Institution's processing requirements, your EFT payment receipt date (the day the payment is available in your account) may be later than the start date you elect (including each subsequent income payment date).

You further agree that any EFT payments made after your death shall not be held for the benefit of your estate, but shall be repaid to the Company upon request. You authorize and direct the Financial Institution to refund to the Company an amount equal to any payments made after your death, and if such payments shall have been credited to your account, or to the account of your estate, to charge such account accordingly.

3. BENEFICIARY INFORMATION

If the Annuitant dies after the Annuity Commencement Date, but before the guaranteed period of the Income Payments, or before the guaranteed amount of Income Payments are made, we will continue to make these payments to the Beneficiary for the remainder of the Income Payment period, or until the guaranteed amount of Income Payments are made. No amount will be payable to a Beneficiary if the Annuitant dies after the end of an Income Payment period, or after the Guaranteed Total Amount has been made under any payment option. Who will be the Primary Beneficiary(ies)?

For Traditional, Roth and SEP IRA Plan types: Please note that available death benefit payout options differ depending on whether your designated Beneficiary is **eligible** or **non-eligible** (determined as of the date of your death) under the Internal Revenue Code ("IRC"). Eligible designated Beneficiaries are spouses, children under the age of majority, disabled or chronically ill individuals, as determined by the IRC, (including certain trusts for the disabled or chronically ill), or individuals who are not more than 10 years younger than you. All other individual Beneficiaries are non-eligible, and all proceeds must be distributed to them by the end of the 10th year following the year of your death (or the death of both you and the joint annuitant, if applicable).

For Inherited IRA and Inherited Roth IRA Plan types: After your death, your Beneficiaries may be limited to a distribution period that does not exceed 10 years from the end of the year following the year of death of the original IRA owner or retirement plan participant.

5. IMPORTANT TAX INFORMATION (Please read and complete the applicable tax form.)

IMPORTANT FEDERAL AND STATE INCOME TAX WITHHOLDING INFORMATION

This information is required to carry out the Internal Revenue laws of the United States and to provide you with some basic information about withholding of federal and state income tax from your payment under the policy. It is not intended as tax advice and you should consult your own tax advisors to determine how these rules apply to your particular situation.

Federal Withholding

A payment from your New York Life Annuity may result in a taxable gain reportable to the IRS. Generally, Federal withholding applies to taxable payments made from commercial annuities (which include individual annuities, life insurance and endowment policies and individual retirement annuities). If you receive distributions before you reach age 59½, you also may be subject to a 10% IRS penalty tax on any taxable gain. This would be in addition to any income tax you may be subject to on that taxable gain. Please consult a professional tax advisor for more information on this tax penalty and for exceptions to this rule.

Federal income tax must be withheld from periodic payments (those received in regular intervals over more than one year) in the same manner as withholding for wages unless you elect not to have withholding apply to the taxable portion of your payment. You can make this election by completing IRS Form W-4P (copy enclosed) and sending it to an address listed below. Generally, your election as to whether taxes are or are not to be withheld will apply to any other payment from the same policy. You may change this election at any time. To change your previous election, send us another Form W-4P. If you do not elect out of withholding, we will withhold as if you were married claiming three withholding allowances, unless you complete and send us a Form W-4P indicating otherwise.

If you are a U.S. citizen or resident alien receiving payments delivered outside the United States or its possessions, you cannot elect out of withholding. Other recipients receiving payments outside of the United States or its possessions, such as non-resident aliens, are generally subject to 30% withholding but may be able to elect out or request withholding at a lower rate if an applicable treaty so provides by completing IRS Form W-8BEN and providing an Individual Taxpayer Identification Number and, where applicable, a Foreign Taxpayer Identification Number.

U.S. citizens and U.S. residents will receive a Form 1099-R for any taxable amounts received and non-resident aliens will receive Form 1042-S.

Even if you elect not to have Federal income tax withheld, you are liable for payment of such tax on the taxable portion of your payment. There are penalties under the estimated tax payment rules if enough tax has not been paid through either estimated tax payments or withholding. As noted above, there is also an additional 10% tax penalty imposed by the IRS that applies to certain policy gains on premiums paid after December 31, 1982 for distributions before you reach age 59½.

Federal income tax will not be withheld by us if the payment is being made to the Trustees of a qualified pension or profit sharing plan.

For residents of Indiana, Louisiana, Missouri, Montana, New Jersey, New Mexico, New York, Utah, and Wisconsin: These states do not require withholding of state income taxes, but generally allow you to elect to have withholding apply. Certain exceptions and special rules apply in some states.

For residents of Arizona: State income tax withholding is voluntary and only applies to distributions from a retirement account (e.g., an IRA or 403(b) contract) or to periodic payments. Withholding election requests must be accompanied by Arizona Form A-4P. Without an A-4P, New York Life cannot withhold Arizona state taxes if elected.

For residents of Oklahoma: If you wish to have withholding applied at a rate other than the default rate, you must provide a Form OK-W-4-P (for periodic payments) or a Form OK-W-4-R (for non-periodic payments). STATE INCOME TAX WITHHOLDING ELECTION

You should consider very carefully which box you check. Please consult with your personal tax advisor, plan administrator, or State income tax authority, if you have any questions about state income tax withholding.

Are you a citizen of the United States? Yes No

By checking the following box, I elect to have no state withholding apply to this payment and any future payments under this certificate:

NO State income taxes will be withheld

IMPORTANT INFORMATION REGARDING SECTION 403(b) TAX SHELTERED ANNUITIES

If you own a **Section 403(b) Tax Sheltered Annuity**, a partial withdrawal or full surrender is generally subject to mandatory 20% federal income tax withholding, unless the distribution is directly rolled over or transferred to an Individual Retirement Account (IRA) or to another eligible Qualified plan. If you choose to have your withdrawal/surrender proceeds paid to you, you will receive only 80% of the withdrawal/surrender payment (less any state withholding, where applicable). You can roll over the payment by paying it to an IRA (or another eligible plan that will accept the payment) within 60 days of receiving the payment. The amount rolled over will not be taxed to you in the current year. If you want to avoid tax on the entire amount of the withdrawal/surrender payment, by rolling over 100% of the withdrawal/surrender payment to an IRA, you must use other funds to replace the 20% (or greater amount, where applicable) that was withheld.
